  - State Exercise Officer, HSEM
- Machelle “Micki” Klomp
  - LMS Administrator, HSEM

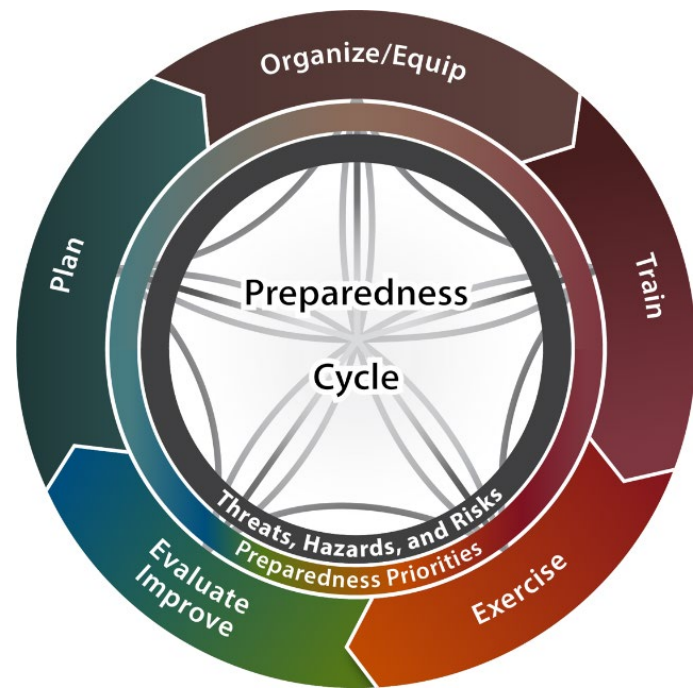

# Agenda

- Integrated Preparedness Overview
- Review of Prior Integrated Preparedness Plan
- Identify Preparedness Priority Factors
- Establish Preparedness Priorities
- Develop a Multi-year Schedule
- Next Steps
- Closing Remarks

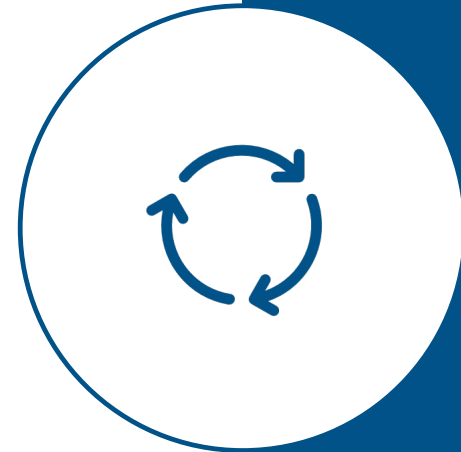

# Integrated Preparedness Overview

- The purpose of the Integrated Preparedness Plan (IPP) is to document overall preparedness priorities and activities for the State of Minnesota.
- Incorporating all elements of the Integrated Preparedness Cycle allows for maximum efficiency of resources, time, and funding.
- This works towards improving Minnesota's capabilities.

# Integrated Preparedness Overview

Utilizing the Integrated Preparedness Cycle when developing the Integrated Preparedness Plan, provides a continuous and reliable approach for examining the progress of improvement toward the ability to prepare for, respond to, recover from, and mitigate the threats, hazards, and risks most relevant to the Minnesota.

# IPPW Purpose

The purpose of the IPPW is to consider the range of preparedness activities within the Integrated Preparedness Cycle, and along with the guidance provided by senior leaders, identify and set preparedness priorities, and schedule preparedness activities for the multi-year Integrated Preparedness Plan.

# Review of Prior Integrated Preparedness Plan (IPP)

# Identify Preparedness Priority Factors

- Identifying the applicable factors affecting Minnesota is the key element to then setting preparedness priorities
- The list of factors is intended to help organizations consider the full range of factors impacting their preparedness activities for the coming multi-year schedule

# Identify Threats, Hazards, and Risks

24. Does your agency perform their own THIRA/SPR?

[More Details](#)

● Yes	32
● No	30
● I don't know	14

# Identify Threats, Hazards, and Risks

What would you consider the greatest (1) threat, hazard, or risk in your jurisdiction (example: flooding, cybersecurity attack, tornado)?

Wildfire

Severe Weather

Flooding

HAZMAT

Cybersecurity

# Establish Preparedness Priorities

- Preparedness priorities are the strategic, high-level priorities that guide overall preparedness activities
- These priorities should be comprehensive to meet the needs of the whole community and will drive preparedness activities through the Integrated Preparedness Cycle

# 2021 Core Capability Assessment

**Objective 1:** Increase the confidence in performing Cybersecurity functions at the local level by 20% by the 2022 Integrated Preparedness Planning Workshop.

**Objective 2:** Increase the confidence in performing Economic Recovery functions at the local level by 20% by the 2022 Integrated Preparedness Planning Workshop.

**Objective 3:** Increase the confidence in performing Intelligence and Information Sharing functions at the local level by 20% by the 2022 Integrated Preparedness Planning Workshop.

# 2021 Core Capability Assessment

Considering FEMA's Core Capabilities, how confident are you in your county's/tribe's ability to perform the following Core Capabilities?

■ Not Confident At All   ■ Somewhat Confident   ■ Neutral   ■ Confident   ■ Extremely Confident

Operational  
Coordination

Mass Care  
Services

# 2021 Core Capability Assessment

29. Did you select the Core Capability(ies) because real-world events or exercises indicated there was a training need?

[More Details](#)

● Yes	12
● No	14
● N/A	4

Briefly describe the event or exercise:

**COVID-19**

# Develop a Multi-Year Schedule

- The multi-year schedule outlines the preparedness activities that will address the preparedness priorities.
- The purpose of this activity is to review scheduled exercises and synchronize all aspects of preparedness within the Integrated Preparedness Cycle, not just training and exercises, in an effort to address capability gaps and improve overall preparedness.

# Activity Overview

During this activity, we will focus on the following tasks:

Identify Planning Elements

Identify Organizational Structure Elements

Identify Equipment Elements

Identify Training Opportunities

Identify Potential Exercises

Update and Build Multi-Year Schedule
