Integrated Preparedness Overview

- The purpose of the Integrated Preparedness Plan (IPP) is to document overall preparedness priorities and activities for the State of Minnesota.
- Incorporating all elements of the Integrated Preparedness Cycle allows for maximum efficiency of resources, time, and funding.
- This works towards improving Minnesota's capabilities.

Identify Preparedness Priority Factors

- Identifying the applicable factors affecting Minnesota is the key element to then setting preparedness priorities
- The list of factors is intended to help organizations consider the full range of factors impacting their preparedness activities for the coming multi-year schedule

Identify Preparedness Priority Factors

- Region 2 AARs
 - Operational Communication
- THIRA/SPR
- 2020-2022 IPPW Survey Data

2020-2022 Preparedness Priorities

Objective 1: Increase the confidence in performing Cybersecurity functions at the local level by 20% by the 2022 Integrated Preparedness Planning Workshop.

Objective 2: Increase the confidence in performing Economic Recovery functions at the local level by 20% by the 2022 Integrated Preparedness Planning Workshop.

Objective 3: Increase the confidence in performing Intelligence and Information Sharing functions at the local level by 20% by the 2022 Integrated Preparedness Planning Workshop.

Establish Preparedness Priorities

- Preparedness priorities are the strategic, high-level priorities that guide overall preparedness activities
- These priorities should be comprehensive to meet the needs of the whole community and will drive preparedness activities through the Integrated Preparedness Cycle

2023-2025 Preparedness Priorities

- 3 objectives
 - TBD
 - Current trends:
 - Operational Communication
 - Operational Coordination
 - Planning
- 2023-2025 IPP will be written later this year

Activity Overview

During this activity, we will focus on the following tasks:

Identify Planning Elements

Identify Organizational Structure Elements

Identify Equipment Elements

Identify Training Opportunities

Identify Potential Exercises

Update and Build Multi-Year Schedule

Develop a Multi-Year Schedule

- The multi-year schedule outlines the preparedness activities that will address the preparedness priorities.
- The purpose of this activity is to review scheduled exercises and synchronize all aspects of preparedness within the Integrated Preparedness Cycle, not just training and exercises, in an effort to address capability gaps and improve overall preparedness.

INTEGRATED PREPAREDNESS

2022 Preparedness Priorities

Based on the 2021 Statewide Integrated Preparedness Planning Workshop, the following Core Capabilities were identified as Preparedness Priorities:

- Cybersecurity
- Economic Recovery
- Intelligence and Information Sharing

Local organizations are encouraged to incorporate the above Preparedness Priorities into their 2022 Integrated Preparedness Plan. See the [National Preparedness Course Catalog](#) for a list of courses offered through FEMA's Emergency Management Institute and other Consortium Partners.
